

## Camino Real Gathering System

### Company Overview

Kinder Morgan, Inc's Camino Real Gathering System project, owned by Camino Real Gathering Company, L.L.C., is designed to provide producers in the fast-growing Eagle Ford Shale play of south Texas with much-needed gathering, transportation, delivery, and storage infrastructure. The Camino Real gathering systems and related facilities, located in LaSalle County, are designed to meet the needs of both natural gas and oil producers, and include the construction of:

- An 83-mile, 6-to-12-inch diameter natural gas gathering and transportation pipeline with a capacity up to 150 million cubic feet per day.
- A 68-mile, 6-to-12-inch diameter oil gathering and transportation pipeline with a capacity of 110,000 barrels per day and a 15,000 barrel per day oil terminal with blending capability.

### Services Include

Firm Gathering  
Interruptible Gathering

### Contact Information

#### Office Locations

Houston, TX  
1001 Louisiana St, Suite 1000  
Houston, TX 77002  
(713) 369-8145
