

[Pursuant to Section 21.1 of the Directive issued by the CRE for the determination of rates and transfer of prices for regulated natural gas activities DIR-GAS-001-2007, this list of rates shall enter into force on April 16, 2019, five business days after its publication on the DOF.]

DOF- Federal Official Gazette

DOF: 08/04/2019

Kinder Morgan Gas Natural de México, S. de R.L. de C.V.
Mier-Monterrey Pipeline
Natural Gas Transporter's Permit G/003/TRA/96

List of Rates

Transportation Service	Units	Rate
Firm Basis		
Capacity Charge	Pesos/GJ/day	0.9921
Use Charge	Pesos/GJ	0.0036
Interruptible Basis		
Unitary Charge	Pesos/GJ	0.9055
Authorized Overrun Quantities		
Unitary Charge	Pesos/GJ	0.9055
Temporary compression charge		
Capacity Charge	Pesos/GJ	1.1245

Notes:

- 1) The Capacity Charge is expressed on a daily basis.
- 2) For the Firm Basis Transportation Service, the Capacity Charge shall be determined on a monthly basis multiplying such charge times the capacity contracted by Shipper times the number of days in such month. The Use Charge shall be applied to all the volumes transported in the System during the Month.
- 3) The Authorized Overrun Quantities shall be applied to any transported volume that exceeds the quantity contracted by Shipper during the corresponding Month.
- 4) The Unitary Charge for the Interruptible Service shall be applied to the volumes transported for the shipper on an Interruptible Basis during the corresponding Month.
